⠿

Question 8

1 / 1 pts

Scrum-Ritual026

In this scrum ritual, the Scrum Team plays planning poker to understand the size of user stories. This activity allows them to control the amount of work committed to for the upcoming sprint.

○ Sprint Execution

○ Sprint Review

○ Sprint Retrospective

Correct!

◉ Estimation

⠿

Question 9

0 / 1 pts

Scrum-Ritual002

During Sprint Planning, the team defines the goal to accomplish by the end of the current sprint. They also choose several items from the Product Backlog to include in the Sprint Backlog. The intention is that all chosen items will be completed by agreement. Two days after the start of the one-month sprint, a key team member fell ill and was away for 2 days. By the end of the sprint, the team had failed to accomplish all the items from the Sprint Backlog. What is the most likely reason that the team did not meet the Sprint objectives?

○ The team is over-worked.

○ The team is lacking skills.

Correct Answer

○ The team did not plan the Sprint effectively.

You Answered

◉ The Product Owner is unable to prioritize.

⦂⦂

Question 10
1 / 1 pts

Scrum-Ritual021

Determining this metric is performed by the Scrum Master. This metric allows the team to understand the overall speed being achieved

○ Team Capacity

○ Interaction Percentage

○ Burn Down Percentage

Correct!

◉ Team Velocity

⦂⦂
